IRISTM
Certified

"Make In India"

About Us

Founder & CEO is a qualified Mechanical Engineering graduate & MBA (International Marketing & Finance), having over 32 years of In-depth industrial experience.

After gaining rich experience in industry for over 15 years, PPS International Pvt. Ltd. was founded in 2003 to work as an Indian agent for foreign companies to introduce their high-tech components in Rail Industry, mainly for 3-Phase Locomotive and Over Head Electrification Equipments, before starting his own manufacturing unit for making very high quality components for railway application in 2008.

Mr. PK Agarwal
Founder & CEO

Line of Business

PPS International Pvt. Ltd. manufactures only such components in India, which are either not available in the country or it is an import substitute, hence working in the niche market i.e. electrical department of Indian Railways, hence introduced several Electronic, Electrical and electro-mechanical components.

PPS International Pvt. Ltd. is a leading and trusted name to supply wide variety of components to Indian Railways and Metro Operators.

To fulfill the "Make In India" & "Atma Nirbhar" (Self-Reliance) initiative by the Government of India, PPS International Pvt. Ltd. started manufacturing of several import substitutes by entering into JV & TOT agreements with foreign companies, besides setting up its own R&D to develop several components to bring price benefits to the customer, while maintaining the same International quality standards.

PPS International Pvt. Ltd. is a medium size manufacturing, IRIS certified company having world class manufacturing setup in Greater Noida, India, with more than 550 work force in **"3 world class manufacturing"** units having more than **"2,00,000 sqft covered area"**.

For Expansion, PPS International Pvt. Ltd. has also acquired an Industrial land of 25 Acres adjacent to newly coming up Jewar Airport to start manufacturing of Metro coaches/Rolling stocks and large fabrication parts.

Our Mission

To remain the most trusted and reliable partner of Indian Railways & Metro customers for our wide variety of railway components produced with very high quality standards.

Vision

To develop and manufacture 100% "Make In India" components for 3 phase locomotive and 25Kv OHE with International quality standards at the most competitive prices with 24x7 after sales service and customer support.

Rolling Stocks Components

For Locomotives

1	Electrical Connectors
2	Cable Harness
3	Polyamide Flexible Conduits & End Fittings
4	EoTT (End of train Telemetry)
5	Power Contactors
6	Low Voltage Contactors
7	AC/DC Earthing Switch
8	Key Multiplier & Door Locks
9	Low Voltage Switch Gear Parts
10	And Many More Other Parts.....

For EMU, MEMUS, Coaches & Train18

1	PAPIS
2	CCTV
3	Passenger Infotainment System
4	Emergency Talk Back Units
5	Crew Voice Recording System
6	Centralised Coach Controller System (CCMS)

For Metro's

1	Platform Screen Doors (PSD)
2	Automatic Fare Collection (AFC)
3	Train Doors

For OHE Items

1	Modular Cantilever System (MCS)
2	Fully Insulated Modular Cantilever System
3	Rigid Overhead Catenary System (ROCS)
4	Rigid Retractable Catenary System (RRCS)
5	Anti-Bird Disk
6	Compression Clamp / PG Clamp
7	Dropper & Other OHE Fittings

Electrical Connectors

Cable Harness

Polyamide Flexible Conduits, Accessories & End Fittings

Electrical Panel

EoTT (End of Train Telemetry)

Low Voltage Contactors

AC / DC Earthing Switch

Power Contactors

Key Multipliers & Door Locks

Complete Range Of Low Voltage Switchgear Parts

Complete Range Of Low Voltage Switchgear Parts

Cab Door Locks

UIC Receptacles & Plugs

Key Simulation Switch

Cab Activation Switch

Spring Loaded Toggle Switches

Emergency Switch

Primary Current Sensor

Maximum Current Relay (MCR)

Fuse Auxiliary

LED/ LCD

18.5 Inches
(Wall Mount)
